John 20:1-9

Easter Sunday of the Resurrection of the Lord

IN THE GOSPEL TODAY

My name is \_\_\_\_\_

JESUS IS ALIVE!

Jesus is risen!

Mary and the disciples do not know it yet, but Jesus has risen from the dead.

Can you join the dots so that everyone can see that Jesus is alive?

Mary arrives at Jesus' tomb only to find that the stone is rolled to one side and Jesus is no longer inside. She tells the other disciples, who also run to the tomb only to find Jesus' burial clothes lying on the ground.

Easter eggs and the resurrection

Easter eggs represent the stone that was rolled away from the tomb.

Decorate this Easter egg beautifully to celebrate Jesus' resurrection!

Is it true?

When they heard Mary's story, Peter and his friend ran to see the empty tomb for themselves.

Find the path they need to follow.

The stone is rolled away

When Mary arrived at the tomb, the stone that blocked the entrance was rolled away.

Can you match the correct stone to the tomb?

A PRAYER TO SAY

Dear Jesus, when Mary arrived at the tomb and didn't see your body, she was afraid someone had stolen you away. Mary did not need to be afraid, as you were alive and well. Help me not to be afraid and to trust that you are always with me. Amen.

Answers: The odd angels out have a different colour, a missing halo and different wings. Coded message: I AM WITH YOU ALWAYS.
